KFC (UK&I) is committed to provide allergen information in store for all of its products of the 14 mandatory allergens (Cereals containing gluten, crustaceans, eggs, fish, peanuts, soya beans, milk, nuts, celery, mustard, sesame seeds, sulphur dioxide & sulphites, Lupin & Mollusc). Our teams regularly handle multiple food ingredients in our kitchens, our food and packaging may contact allergens during preparation, cooking and delivery. Delivery courier may deliver more than one order. We can't guarantee that any items are 100% allergen free including ingredients removed on request. Our allergen information will be kept up to date and should be checked each time you dine with us as we may update recipes. Our teams cannot recommend or tell you what is suitable for you to eat or drink. Orders placed on delivery platforms cannot be customised in any way. In restaurant, please ask our team member if you wish to customise a product. If products are customised in any way, please be aware this is for customer preference and we cannot guarantee they are 100% allergen free. The allergen and nutrition information will no longer be accurate. The information shows which menu items are suitable for vegetarians and vegans. These are made using vegetarian and vegan ingredients. However, our preparation and cooking methods could mean they may come into contact with non-vegetarian and non-vegan ingredients. Due to the handling of cheese, we cannot guarantee our products do not contain traces of milk including vegan food and where a request has been made to remove cheese from an order. For pre-packed products including dip pots, sachets, bottle drinks and canned drinks, please refer to the packaging for the latest information.

Fryers: Our fries & hash browns are cooked in the same vegetable oil as our popcorn chicken and bites, so they are not suitable for vegetarians. Toasters: All our buns are toasted in the same toaster. They all contain wheat gluten, and some contain sesame.

The nutritional information comes from averages of composite food samples. There may be some variation depending on ingredients used, supplier and season of the year. If products are customised in any way, please be aware that allergen and nutritional information will no longer be accurate. Sat. Fat = Saturates Fat, Carbs = Carbohydrates Salt Value is calculated from Sodium. All food calorie (kcal) and kJ figures are rounded to the nearest five. All drink calories (kcal) and kJ figures are rounded to the nearest one.

Chicken is our business, and we take their welfare seriously. That's why we're following Government guidelines and working with our free-range egg suppliers who are temporarily required to keep their chickens inside to protect them from avian flu. So products on our menu that use free-range eggs as an ingredient may contain barn eggs. You can find out more at [freerangeinfo.com](http://freerangeinfo.com).

## Allergen Information- Burgers, Vegan Burger, Chicken Pieces
